Subject: Final Approval of Permit Transfer, C. S. Mining LLC, Bawana Low Grade Ore Pile, S/001/0076, Beaver County, Utah

Dear Mr. McMullin:

On December 7, 2011, the Director of the Division of Oil, Gas and Mining approved the replacement surety and reclamation contract for the transfer of the Bawana Low Grade Ore Pile Notice of Intention to Commence Small Mining Operations (NOI) from Western Utah Copper to C. S. Mining LLC. You are now solely responsible to conduct mining and reclamation operations as outlined in the approved NOI. Western Utah Copper is hereby released from any further reclamation liability under this permit.

You may, at any time, submit a notice to amend/revise any portion of the approved NOI. If you do, please use form MR-REV-SMO/EXP located on the Division's website www.ogm.utah.gov/minerals. You may not implement these changes until you receive Division approval of the amended/revised NOI.

Thank you for patience in completing this permit transfer. Please refer to file S/001/0076 in any correspondence about this operation. If you have questions regarding this letter, please contact me at 801-538-5261 or Tom Munson at 801-538-5321.

Sincerely,

Paul Baker
Minerals Program Manager
